

EYOS TENDERS

PASCOE 7M RESCUE TENDER

DESCRIPTION

The perfect stand alone tender and pinnacle of the SOLAS range. The mid-engine configuration results in a centralized weight distribution giving improved performance and acceleration for watersports as well as allowing a sociable seating arrangement.

With safety regulations requiring a full SOLAS rescue boat aboard larger yachts, Pascoe is uniquely placed to provide fully compliant vessels that are equally suitable for pleasure, transport and sports purposes. Designed and tested in accordance with the IMO life saving appliance code, suitable for fitment to Yachts over 500 gross tons.

Pascoe's SOLAS Rescue Tenders are designed and built for guest use proving that SOLAS tenders no longer needs to be hidden away in a locker taking up valuable storage space.
