Novamarine Black Shiver 100

Description:

The Black Shiver 100 combines elegance, performance and flexibility of use. The distinctive features of the 100 are beauty, high quality of materials used, speed and safety. Such a handsome and high-tech maxi-tender will blend perfectly with any large luxury yacht. The Black Shiver “Sailfish” 100 is the inboard version and will take you to your destination so quickly that you will not want to get off because you will miss that little thrill that only our boats are able to provide. Sailfish has been with one superyacht owner since new in 2016 and has been meticulously maintained.
