Windy SR SLR 60

### Description

Windy's philosophy has always been to design and build boats that set a new benchmark of style and performance. Working only with the world's greatest designers and craftsmen, drawing on their passion and skill, Windy has been able to build a name and a product that is envied by many. The commission of the Windy SR52 Blackbird in 2008 provided the first opportunity for Windy to partner with designers and naval architects external to the company. The SR52 Blackbird opened up a new world for Windy, introducing the brand to the superyacht sector as the builder of the world's finest chase boat, and Malcolm McKeon was intrinsic to the design of that model.

Windy SR/SLR 60 is a powerful 60ft chase boat with a strong personality and clear dual purpose which again brings together the Norwegian powerboat builder Windy with Malcolm McKeon Yacht Design. With a range of 850 nautical miles at 25 knots, the Windy SLR 60 has been designed to be the ultimate superyacht chase boat for long distance excursions. However, it will also serve as a very nimble sports boat for diving and fishing, as well as support shoreside exploration. This contemporary and elegant design is fitted with a large swim platform aft of the luxurious guest area and bar, making it a very attractive vessel for socialising and enjoying relaxing times on the water.

### Specifications

Length overall (incl. pulpit): 18.12m

Beam: 4.38m

Draft: 1.22m

CE Cert B

Max Speed: 43 knots

Minimum Range @ 30 knots Approx 800 NM
